

PBS Family Hotline

Talking Sense About Behaviour

The Primary Behaviour Service, which is part of Hampshire's Children's Services, is offering a brand new service exclusively for Parents and Carers.

The Family Hotline is a service that allows you to speak to a Behaviour Specialist about problems you are having with challenging behaviour from your kids at home.

Call us on 07876 898199 between 10am and 11 am every Wednesday during term time and speak to one of our team for great advice and ideas.
